While others are cutting back—two local agencies are offering more

Sharing Strengths, building healthier lives

We invite you to join us in a panel discussion examining the impact of the economic recession on the mental health of Santa Barbara's population. Representatives from various sectors will share their experience of the repercussions and the resulting impact on our community. Our panel will represent sectors such as housing, mental health, schools, vocation, substance abuse and senior citizens.

Lend your voice

Assist us in the design of No fee services

A light dinner will be served
